Careers Policy 2019
To be reviewed Autumn Term 2020

1. **Rationale and Aim**
At Robert Bloomfield Academy (RBA) we want all our pupils to understand the full range of opportunities available to them in today’s world and help them to acquire the skills and qualifications they will need to succeed in the workplace today and in the future. We believe that every pupil should have multiple opportunities to learn from employers about work, employment and the skills that are valued in the workplace. We also aim to prepare our pupils for the opportunities in the next stage of their education, a time when they will make choices about their future study.

2. **Policy**
All pupils at RBA will receive careers education throughout the course of the year in the form of an Aspirations Programme:

- Two dedicated weeks per year where careers become the focus of all lessons across the curriculum
  - Subject Leaders will plan and provide activities which educate the pupils on the careers and future pathways available to them within that subject field.
  - Visiting speakers (past students and local people) will provide students with opportunities to hear and ask questions about careers and future pathways

**Year 7 Science, Technology, Engineering, Maths (STEM) days**
- All (STEM) days are organised in partnership with local business. Students will be educated off site for the day with no cost implications.
  - STEM Day 1: Arts and Manufacturing
  - STEM Day 2: Science and Engineering
  - STEM Day 3: Enterprise

**Year 8 Electives Programme**
- Each RBA faculty will offer an Elective (a day out in industry)
- Pupils partake in two Elective days per year
- Each Elective day off site will be accompanied by an Elective day on site (the Friday of Careers Week) to spend time with staff and students participating in their Elective, research the industry and prepare for their day

**Careers Fair**
- At the end of the year, Year 8 will run a careers fair in which they will demonstrate the skills and understandings they have acquired over the year. Each year group will visit the fair.
- All external partners who have been a part of our Aspirations programme will be invited to attend the careers fair and hold a stall.

**Highly Able/High Attaining Pupils**
- We have introduced a new category of Highly Able/ High Attaining pupils. These are able, predominantly disadvantaged students who will not have knowledge of further education pathways
- We will work with local Further Education (FE) providers to ensure all students understand the options open to them.
By the time pupils get to the end of their RBA journey they will have had the opportunity to:

- Explore how they will need money to achieve some of their dreams (through Enterprise day and in Creative Arts Theory lessons).
- Investigate a range of jobs carried out by people they know and will have explored how much people earn in different jobs.
- Gain an understanding of a range of jobs they would like to do when they are older, what motivates them and what they need to do to achieve it.
- Learn about the dreams and goals of children in a culture different to theirs.
- Find out about a range of ways in which young people can support each other here and abroad.
- Learn about the world of work from various visiting speakers.
- Identify own personal learning strengths and understand why it’s important to stretch the boundaries of their own current learning.
- Learn how to motivate themselves and set success criteria.
- Identify some ways they can work with other people to make the world a better place.
- Complement other people and recognise their contribution and achievements.
- Identify and challenge stereotypes whilst learning about the world of work and why it is important.
- Explore through self-assessment - personal aspirations for work/areas of interest and why self-evaluation is important.
- Identify their own characteristics, strengths and preferences.
- Complete the Buzz Quiz - a self-evaluation tool to support pupils in exploring career pathways they may wish to consider.
- Investigated and researched a variety of identified roles from Buzz Quiz.
- Participated in The Real Game exploring future lifestyle choices and learning about the realities of managing time, budgets and responding to external influences in a particular job role.
- Explored a range of jobs / careers and occupations.
- Learn about aspects of employment law relating to young people’s permitted hours and types of employment; and know how to minimise health and safety risks to themselves and those around them.
- Recognise when they are using the qualities and skills needed to be enterprising.
- Learn about volunteering: the rewards and benefits.
- Describe different ways of looking at people’s careers and how they develop.
- Identify different kinds of work and why people’s satisfaction with their working lives varies.
- Describe the organisation and structure of different types of business.
- Tell their own story about what they are doing to make progress, raise their achievement and improve wellbeing.
- Explain how they have benefited as a learner from career related learning activities and experiences.
- Recognise the qualities and skills needed for employability and provide evidence for those they have demonstrated both in and out of school.
- Learn about the North East of England - Geography and labour market of the North East of England: Be aware of what job and labour market information (LMI) is and what is can do for them; employment/unemployment compared to UK and other relevant statistics.
- Explore job and industry classification and distribution of sectors locally.
- Prepare for employability: identify, develop and improve soft skills.
- Recognise the qualities and skills needed for employability and started to gather evidence for those demonstrated both in and out of school.
- Learn about resilience and why it is important for people seeking work.
- Learn about Social Media and careers.
Explore careers and how these may change in the future
Write personal statements and meet an independent careers advisor
Learn how to manage money well - personal budget, contribute to household and school budgets.
Explore current education pathways
Identify and make the most of your personal network of support including how to access the impartial careers information, advice and guidance that you need
Know how to negotiate and make plans and decisions carefully to help you get the qualifications, skills and experience you need
Investigate what is meant by and how to achieve a work life balance
Link career ambitions to GCSE options choices
Learn from Career Ambassadors who participated in an annual Careers Fair visit

3. Monitoring, Evaluation and Review
The Careers Advisor will monitor, and evaluate the policy. The policy will be reviewed biannually by the Senior Leadership Team and the Governing Body

4. Implementation
This policy is available on the school website or on request to parents, the LA and OFSTED through the Principal

5. Author & Date
Emily Wrigglesworth: Director of Aspirations
